Exhibit "A" Scope of Services

PROJECT DESCRIPTION:

1. Installation of entry and exit kiosks for the existing paved public parking lot, including canopies to protect the ticketing and pay stations (installed by others).
2. Construction of a roadway connection, to align with the new exit kiosk, from the existing paved public parking lot leading into the overflow parking lot.
3. Construction of improvements to the overflow parking lot including public area lighting, parking stops, a paved handicap parking area, swing gates, and a sidewalk connection to the existing terminal curb.
4. Sidewalk improvements also include lighted solar pedestrian crossing signs, and modifications to the existing sidewalk to meet ADA requirements.

GENERAL SITE PLAN:
